

The Great Plastic Pick Up

These pictures show the results of a recent clean-up, organised by parish residents who gave up a Saturday morning to clear the cycle path off the Farnham Road as part of the Great Plastic Pick-Up. As you can see, they worked hard and did a great job! The area is now so much cleaner and much less of an eye-sore.

Pictures of before, after and the pile of rubbish sacks for the newsletter. All bags and bottles have now been cleared by EHDC. Unfortunately the waste pipe and a couple of other larger loose items still remain but the area is now so much cleaner!
